ABOUT COSEM SAFETY & SECURITY SERVICES

BUILDING RESILIENCE & PREPAREDNESS GLOBALLY

In June 2005, the **Co-operative of SCDF Employees Ltd (COSEM)** was registered with the primary mandate to create secondary career opportunities for retired and former personnel of the Singapore Civil Defence Force (SCDF) – a uniformed government organisation that provides fire safety, firefighting, rescue and emergency medical services to the population of Singapore.

In 2006, COSEM incorporated **COSEM Safety & Security Services Pte Ltd** to fulfil this primary mandate. To date, the company has more than 190 employees, of which over 70% are retired or former SCDF personnel.

From the company's humble beginnings, we have grown to become a **leading emergency response training provider** of fire safety and medical courses, a **globally recognised consultancy provider** for emergency preparedness and response, a **trusted emergency response services provider** for both public and private sectors as well as an **innovative product and technology enabler** for both safety and security sectors.

OUR SUITE OF SERVICES

TRUSTED, CUSTOMER-CENTRIC & PROFESSIONAL SERVICES FOR OUR CLIENTS

Leveraging the rich wealth of experience and deep expertise of our SCDF-trained employees

COSEM Safety & Security Services is best placed to offer a wide range of professional and high-quality services and products to our esteemed clients.

Here are some compliments that we have received:

"The most interesting part of the training was when participants had to don full firefighting PPE with breathing apparatus and crawl through a totally dark room with tight obstacles full of smoke! Thanks to COSEM Safety & Security Services Pte Ltd for their professional training."
- SG Integrated

"Yes, it has been a challenging year and we are indeed very pleased to work with you and your team whom we have learnt much and gained better insights on the various fire safety operational measures we could possibly adopt to enhance our properties' fire safety and resiliency."
- National University Health System
